A. Test new idea:

Establishment of an OS policy which would automatically bring to the attention of the Career Board the identities of professional employees (through grade GS-15) who have been in the same assignment for a period of four years. The Deputy Director or Staff Chief would be required to obtain an exception to the "rotation policy" requirement from the Career Board if he desires to continue to keep the employee in the same position. If the exception is approved by the Career Board, it would be submitted to the Director of Security for approval.
